## Summary

With a background in computer applications from Jetking Noida Learning Center and recent cyber/Computer Forensics study at YHills - Elearning In India, I've transitioned into the role of Assistant Manager at CreditAccess Grameen Limited. My core competencies lie in network security, managing intricate network switches, and mastery of the Internet Protocol Suite. These technical skills support my primary responsibility of enhancing the company's branding through video production and editing.

My journey through BrandStory Digital as a Video Editor honed my abilities to create engaging content, where I specialized in video assembly, transitions, and audio editing. At CreditAccess Grameen, these skills allow me to craft narratives that promote financial inclusion, an organizational mission I deeply resonate with. Collaborating with my team, we strive to bring diverse perspectives into our communications, fostering a culture of innovation and inclusion.

I excel in assembling and creatively arranging raw footage to create visually captivating videos. With expertise in transitions, effects, and filters, I enhance video quality and engage viewers. I possess audio editing skills, ensuring optimal sound quality through noise reduction, level adjustment, and synchronization. Storytelling comes naturally to me as I structure videos to convey messages effectively. I thrive in collaborative environments, accommodating feedback while adhering to deadlines. Proficient in industry-standard software, I maintain an organized file system and demonstrate adaptability across various video styles. My creative mindset brings innovation while meeting client/project requirements.
